Vita-Sufficiency™ NOW AVAILABLE!

Vita-Sufficiency™ NOW AVAILABLE!

The World's Best Multivitamin Mineral Supplement

Once again Dr. Chestnut has created the **Gold Standard**.

There are three variables that determine the quality and value of a multivitamin-mineral supplement and **Vita-Sufficiency™** sets the standard in all three.

1. Amount of vitamins and minerals
2. Source of vitamins and minerals
3. Organic Certification

We are proud to inform you that Vita-Sufficiency™ is the world's first certified organic multivitamin-mineral with clinically significant amounts of 100% naturally occurring, 100% synthetic-free, 100% certified organic plant sourced vitamin, minerals, polyphenols and bioflavonoids. Equally important, it is 100% yeast-free so you can be sure that it hasn't been made by feeding synthetics to yeast and then extracting these synthetics and calling them 'natural'. It is also 100% free from corn, soy, and gluten.

In terms of quality and value there is simply no better choice - in fact there is not even a comparison.
